

Did you know that.....

Jewish Vocational Service (JVS) At Home Services offers two affordable and reliable services.

Caregiving Companions is staffed with caring and dependable Caregivers who provide non-medical home care and companionship for seniors aging in place in their own homes.

Some of the duties provided by nurturing caregivers include: assistance with shopping and errands, light housekeeping, escort to doctors' visits, laundry, light housekeeping, medication reminders, and other non-medical tasks.

Home Maintenance Solutions provides a wide variety of basic home maintenance and repair and safety services. Some of the services include: changing screens and storm windows, yard cleanup, replacing batteries and light bulbs and indoor painting. Safety modifications include: installation of grab bars, smoke detectors and hand-held showers and the removal or tacking down of carpeting.

At Home Services is staffed by trained personnel who are insured and bonded. Fees are based on a competitive hourly rate, with flexible scheduling. The program is directed by an experienced social worker who supervises all assignments.
